With this Vision, we have developed our new [WCDSB Multi-Year Strategic Plan \(2022-2025\)](#) (MYSP). At this time, we are gathering feedback to assist with our ongoing monitoring of the implementation of the current MYSP. We are inviting all staff, parents/guardians, and community members to provide feedback on our new MYSP plan (one per family/staff). Your input is valued and appreciated.

# WCDSB L.E.A.D. Campaign

Today we installed a few new pieces of art in our front atrium! Earlier in the school year several students from our student equity engagement groups took part in a photo campaign to help educate students on the effects of racism. The WCDSB's L.E.A.D. Campaign was initiated to address racism and to remind students that they have the power to become anti-racist. The L stands for "listen", the E for "empathize", the A for "address", and D for "do something". Being an inclusive community calls us to honour all our unique identities but recognize that we are one, in God.

We would like to express sincere thanks to our empowering students; Matthew, Fatima, and Naiya for standing up to be part of this initiative. This wonderful display represents the diversity of St. Benedict C.S.S. and affirms our commitment to being an inclusive community that cares.

# Positive Parent-Teacher communication

As always, parents/guardians are valuable partners in a child's education. We invite you to keep the lines of communication open as you can be an effective resource to support the learning your child. As per our WCDSB Administrative Procedures Memorandum #APC001, Communication Guidelines, all public and interpersonal communications must recognize the dignity of the individual and be conducted fairly, honestly, and respectfully.

When a parent, guardian or other board stakeholder has a concern or suggestion, it is expected that the matter will first be taken up with the staff member. The process outlined below should be followed.

1

Speak directly to the staff member. If the issue is not resolved, proceed to step two.

2

Speak to the Principal. If the person with the concern has not yet addressed the issue with the staff member involved, the Principal will ask them to do so.

3

If, having spoken to the Principal, the person with the concern believes the issue is not resolved, they may speak to the Superintendent of Learning responsible for the school.

4

If, having spoken to the Superintendent of Learning responsible for the school, the person with the concern believes the issue is not resolved, they may speak to the

5

If, having spoken to the Director of Education, the person with the concern believes the issue is not resolved, they may register as a delegation to address the Board of Trustees. Information on how to register as a delegation to the board is available in the WCDSB website. Please note that stakeholders are free to address the Board of Trustees as a registered delegation at any time, subject to any pertinent laws, regulations or board policies.

## Financing Post-Secondary: Scholarships, Bursaries, and OSAP

Got a 'rich uncle' with a bank full of cash waiting for you to cover your post-secondary costs? Well, I did not either. The reality is that post-secondary education is costly and takes planning, so we hope you've begun. Many students supplement their post-secondary savings through scholarships, bursaries, and loans. This article will get you pointed in the right direction to access the necessary resources for information.

Most scholarships for first year students are 'entrance' scholarships and are automatically awarded based on marks. Some awards, called bursaries, are based on financial need, but may also include other components such as volunteer service, leadership, or being associated with a service group, employer, or union. These are very individual, and you can search these out using the resources set out below.

The following sites are Canadian websites where you can register and search online for a variety of scholarships, bursaries, and contests to help fund post-secondary education.

- [scholartree.ca](http://scholartree.ca)
- [scholarshipscanada.com](http://scholarshipscanada.com)
- [schoolfinder.com](http://schoolfinder.com)
- [disabilityawards.ca](http://disabilityawards.ca)
- [studentawards.com](http://studentawards.com)

**The Scholarship Report** is a service Guidance subscribes to at Bennies. It is a wonderful resource that you can use to search for scholarship opportunities by the month. It also provides a great deal of post-secondary information for all pathway opportunities. As the Scholarship Report is a proprietary service, access to it must be for the St. Benedict Community. In order, to view the report, go to the Scholarship page on the website and hit the link to the report. You will need a **PASSWORD** that is for St. Benedict students only. The password can be obtained through guidance.

### What can you do now?

- Determine your post-secondary costs including tuition, books, room and board, travel, etc.
- Check parents' places of employment/ your place of employment or service groups for scholarships or bursaries

- Check with the schools in which you are going to apply
- Check Bennies website, through the Students Services tab, AND the Guidance Google Classroom (code – MXMOHZX)
- Create a scholarship/bursary resume where you collect all of your accomplishments, achievements, involvements, and potential barriers overcome in chronological order; you should line up references from teachers, community members and coaches who can speak to your involvement and character
- Talk seriously, with your family about your plan to fund post-secondary which may include applying for OSAP

**OSAP – The Ontario Student Assistance Program (OSAP)** is a financial aid program that can help you pay for college or university. Applying, for OSAP is done individually and one may be eligible for grants (free money!) and/or loans. OSAP applications will open in April or May 2023 for the 2023–2024 school year. Check out the OSAP website [OSAP](#) for more information. In order to plan, you can use the [OSAP Estimator](#) tool for a quick guide to see if you eligible for loans or grants. This can be completed anytime.

Post-secondary education is an investment in yourself. Planning, as best as possible, will help reduce stress and strain, and is certainly more reliable than finding a 'rich uncle'.

# Saints Garage Spring Tech Tip!

Most drivers have already swapped their winter tires for summer ones, or will very soon. Did you know there's another step to the process that lots of people forget – taking the vehicle back later to get the wheels re-torqued.

Although it's rare for a wheel to fall off, if it does, it can cause major damage and be extremely dangerous. It is important to have your wheels re-torqued after approximately 50-100kms, and even more important on softer aluminum rims where lug nuts can loosen off more easily.

*“Ultimately, drivers have a responsibility to make sure their vehicles are safe. If they aren’t careful and a wheel comes off, the consequences could be tragic. When you lose a wheel at highway speed, it’s a cannonball. It’s dangerous for you and potentially deadly for someone else.”*

– Andrew Davidson, Road safety manager at the MTO

Luckily, the process is quick. But if you aren’t sure how to do this yourself, please connect with your local garage or Transportation Tech teacher.
